Noah's Ark

A project to do at home for

Nursery, Reception and Year 1.

May 2020

Here are some ideas for you to do at home as a family. Don't forget to email me your photos (not videos) and I will put them on the school website. Have fun, I miss you all, Miss J -x-

- Click on this link and scroll down to the box that says Noah's Ark – Mrs John https://dioceseofstasaph.org.uk/coronavirus/resources-for-young-people/
- Read the story together. Compare different versions of the story. Read or listen to different versions each night at storytime. What's different this time?
- Sequence the story. Make your own cards with pictures and a few key words. Eg, picture above with the words 'A dove is sent'. (6 pictures at most)
- Retell main points of the story from the Bible – Use Chatterpix
- Noah's Ark – Create a display using things you find around your home/garden.
- Create a garden from natural materials. Talk about caring for the environment, don't pick wildflowers etc. Focus on children's growing awareness of themselves in relation to others and their environment
- Count in 2s. (Up to 20)
- Make number cards to 20 – evens in a different colour (Year 1 - Recognise odds and evens to 20.)
- Make a list of 5 things you would take on the ark with you.
- Nursery/Reception - Match pairs (cans and packets in food cupboard/shoes/socks/books/fruit)
- In simple terms, talk about conservation and the importance of looking after the world. What can we do? E.g litter pick, compost bins, recycle box. Have you completed the Eco Home project?
- Participate in periods of stillness and quiet (I know that's a tricky one ☺)
- Build an ark! Use the living room furniture, garden tent, use this as an opportunity to clean out the shed/garage. Enjoy!!!!!
