24 th December	Crib & Christingle Service – St Deiniol's
25 th December	Christmas Communion - St Deiniol's
7 th January	Teaching staff back in
8 th January	School opens for children

Class photographs & information

If over Christmas you want to take time off from the festivities, check out our newly updated website. You can click onto your child's class under 'pupil voice' and see what they've been getting up to! As always, if there's anything you'd like to see there that we don't currently post then please let us know.

Cinema

The children enjoyed their visit to the cinema Thursday to watch Sherlock Gnomes courtesy of our PTA! We are pleased to report that children and staff were all very well behaved.

Nightingale House Hospice

A whopping £63.40 was raised by the sale of the gingerbread people. Our contribution will go towards the hospice caring for local people and their families affected by life threatening or life-limiting illness, as well as local children who need bereavement support. THANK YOU.

End of year thank yous!

Our PTA do a great job throughout the year volunteering hours of their time to raising money for the school. It would be a pointless task if we didn't have your support as parents, you never let us down.

Mrs Harrison opens our library every Thursday for the children, again as a volunteer. It's an invaluable service and the children enjoy seeing her and taking their choice of books home to read.

Mr Lansom returned to our school in the summer term with our budding musicians despite uncertainty earlier in the year. It's fantastic we have this service back at Eyton.

Mrs Sourfield gives her time every Friday to join foundation phase and then has to sit in a dark room to recover.

We are very lucky to have such a close relationship with our Church and Reverend Sue who support our values as a school.

Mr Fisher is a familiar face to you, having come into school for many years to hold music sessions with the whole school and introduce them to music and instruments.

There are endless individuals who help make our school such a great place for our children, not to mention our fabulous team of teaching & support staff who are all looking forward to a well-earned break!
