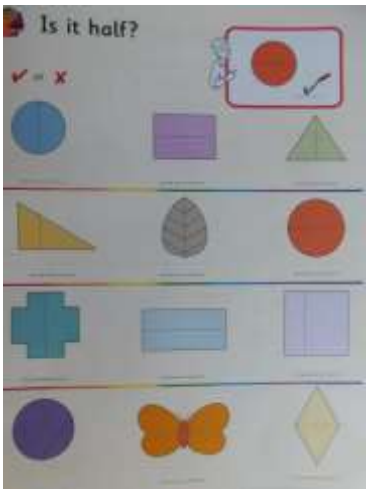
1st June 2020

MATHS = Finding half



- Fold paper in half. Make sure it is correct.
- Fold paper to make a card for someone you haven't seen for a long time. Draw a picture on the outside. Write a message inside. How can you make sure your card opens the right way?
- Find pictures of things that can be folded in half eg butterfly.
  Talk about which way the item needs to be folded.
- Year 1 can talk about symmetry.

SCIENCE = Sound

Making sounds from nature

Collect different materials you find outside.

Can you use them to make different types of sound?
