

Home Learning Pack – w/b 15/06/2020

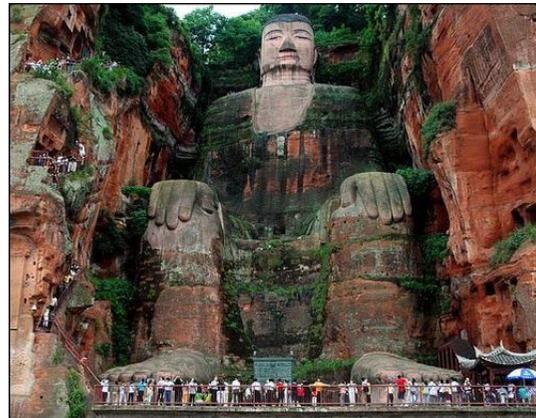

We are working hard in school to prepare for the children to come back. It is natural to be a little bit worried. I am very much looking forward to seeing you over the few weeks school will be open. You need to know it won't be like "normal school", but we are trying our best to make it a safe and welcoming place. Keep checking the website to find out which days you will be in school. Thank you to almost all of the parents for letting Mrs. Whitgreave know very quickly so she can organise the school.

<p>I have added this week's spellings to the blog, like last week. I didn't have anyone tell me that they liked/disliked this more but the scores were slightly better last week than in other weeks, so I think this helped.</p>	<p>On Monday, Chapter 2 of the story we started last week will be in your 2dos. If you didn't read Chapter 1, you can find it here: https://www.purplemash.com/app/serialmash/lcecreamVillainCh1 There is a new set of comprehension questions for Chapter 2. I didn't get many people answering the Chapter 1 questions. Let me know if these are too hard and I will do what I can to simplify/help.</p>	<p>On Tuesday a section of the story will appear on a document, but with some missing punctuation. I would like you to edit the document and add in some punctuation. Some people will have some punctuation there to help, others will have to add all of the punctuation. If you are really struggling, you will have the chapter to check back.</p>	<p>There has been a lot of talk about statues in the news this week. On Wednesday I'd like you to have a think about some of the statues you have seen. I have added some examples at the end of the pack. On the 2do called "Statues of Tomorrow" I would like you to design a statue of someone you think deserves one. It could be someone you know or a group of people. Underneath, write a few sentences about why that person deserves a statue.</p>	<p>On Thursday the spelling quizzes for the week will appear in your 2dos. Please let me know when you send them back to me if having the words to practice over the week helped.</p>	<p>On Friday, I would like you to take the time to write something on the class blog. It does not need to be long, complicated or about a certain subject. It is more of a check-in to see how you are. You could add a photo of yourself or tell us about something. You could ask us a question or tell us a joke. I would just really like to hear from as many people as possible.</p>

If you need to need to contact me, you can do this through Purple Mash or you can email me at huytonp8@hwbcymru.net. Please be mindful I am in school with key workers' children a couple of days a week, but I will try and answer emails by the following working day. Stay safe and look after each other.

Do you recognise the man on the horse statue? You have probably seen it in real life.

<p>This week I would like you to keep a temperature diary. Choose two times of the day to record the temperature and weather each day. It needs to be the same time each day to be a fair test. You can do this with a thermometer or with a weather app. Use the table below to record what you find.</p>	<p>On Monday, choose one of the multiplication tasks below and complete your weekly multiplication quiz on Purple Mash.</p>	<p>Tuesday's task is similar to last weeks "Find the Missing Number task", but this week the patterns are more complicated. I was really pleased with how well each group did on their set of questions last week. There is no timer for this task so take your time and check the rule works. (Hint: The pattern might not be +/- the same number each time.</p>	<p>On Thursday a new 2do will become live on your Purple Mash which will have some questions reading information from tables. They will ask lots of questions which you will have to read carefully.</p>	<p>When your table is finished, colour in the box of your highest and lowest temperature. I will put instructions onto the blog on Thursday on how to find the Mean and Range for the temperatures.</p>	<p>When your table is complete, please email it to me so I can upload it to your Purple Mash account. You can do this whenever you complete the last 2 columns.</p>

Spend a little bit of time practicing your welsh with someone in your family. You could teach them the questions from the Matiau Iath I have attached (that we use for Helpwr Heddiw). You could also practice using the welsh names for the weather. The questions to ask what the weather is like is:

“Sut mae’r tywydd heddiw?”

There are some words to help you on the under the table on the previous page.

Solve the multiplication problems to reveal the hidden picture. Each answer has a special colour.

0 - 10 = black

11 - 20 = red

21 - 30 = orange

31 - 40 = yellow

41 - 60 = green

61 - 80 = blue

81 - 100 = purple

>100 = pink

0 1 2 3 4 5 6 7 8 9

You could have a go at building the statue of the person you think deserves one. You could make it out of anything you have at home. Post up your statues on the blog if you make one. I'm sure people would love to see them. 😊

There are also some other nice practical tasks here from Lego and the Scouting Movement. Lego is great for improving finger strength which can help improve handwriting.

FIVE SENSES NATURE SCAVENGER HUNT

Tick each item off your list as you find it.

SIGHT

- Find something white
- Find something patterned
- Find something tiny
- Find something heart shaped
- Find something long
- Find five of the same thing

SOUND

- Find something that snaps
- Find an animal sound
- Find a soft sound
- Find something that crunches
- Find something loud
- Find something to make music with

TOUCH

- Find something bumpy
- Find something wet
- Find something warm
- Find something soft
- Find something prickly
- Find something smooth

SMELL

- Find a flower with a scent
- Find a smell you like

TASTE

- Find something humans could eat
- Find something an animal would eat

A MONTH OF BUILDING

What will you be building today?

1 What do you think a city on the moon would look like? Build it!	2 Make a super-fast race car that could win a Grand Prix.	3 Make the coolest school you could imagine (it probably needs a water slide!)	4 Host a mini music festival for your LEGO Minifigures – who is performing on the main stage?	5 Use your bricks to make a character from a book you like. Build them a new adventure!
6 You're the next Picasso! Create a 2D brick piece of art to go on the wall.	7 Build your dream 3 course meal. Yum!	8 Design a cool new playground for your neighborhood.	9 Make a brick version of tic tac toe. Have a game and see if you can win.	10 Is there life out there? Build what you think an alien would look like.
11 Re-create your favorite movie in bricks – see if you can make a mini stop motion film.	12 Use cardboard or paper to create ramp for a LEGO car. How far can you make it fly?	13 Make the tallest brick tower you can. Can you make one taller than you?	14 Build a space pirate ship and an awesome crew to fly it.	15 Use your bricks to build an ancient civilization. How did the world look different at that time?
16 Make a LEGO Minifigure version of yourself and go on an indoor photography safari around your home.	17 Where is the best vacation you could imagine? Build it!	18 What creatures live at the bottom of the deep sea? Find out and build one.	19 Put on a play! Make a brick stage and put on a show with your LEGO Minifigures.	20 Design your dream bedroom (also probably needs a water slide)
21 You're an arctic explorer. Build a vehicle to help you navigate the snowy terrain.	22 Build a mysterious kronkiwongi. You must decide what that looks like.	23 You're a brick chef! Build a pizza with all your favorite toppings.	24 Combine bricks and a marble to make a marble maze! How long can you make it?	25 Build someone from history who you've learned about. How was their life different to yours?
26 Make some balance scales. Use them to weigh different things in your home.	27 You're in a race to sail across the ocean! Build a super-speedy yacht.	28 Use a LEGO baseplate to make your own brick built board game.	29 Build a box to store all your treasures.	30 Design a new LEGO set!
