

## Phonics and Spellings

We are now going to recap all sounds that we have covered this year:

This week, we are going to be looking at sounds that are the same but spelt differently:

**ay** play, clay, tray  
**a-e** make, cake, shake  
**ai** tail, snail, frail

Can you think of anymore words with these sounds in? Add them to your list of words.

Here is a useful website with lots of phonics games on.

<https://www.phonicsplay.co.uk/resources>

Your spellings will be on Seesaw as usual for you to practice daily.

Any completed work can be uploaded to your Seesaw account or to Purple mash 😊

## Literacy

### Monday-

Today we are going to be starting a new topic all about The Stone Age. This period of time happened 2.6 millions years ago...so life would have very, very different!!

I would like you to write some questions that will help us throughout out Stone Age topic. What would you like to find out about? Consider lifestyle, people, food, travel ect.

Have a look at the image attached- have a go at writing two questions for each word, if you are struggling, one will be fine.

Here is an example-

**What** food did they eat?  
**What** did they do for fun?

## Maths

### Monday-

This week, we are going to be looking at data gathering. Today I would like you to make a tally chart and tomorrow we will put the information into a graph.

I would like you to either use the tally chart template below or draw a template yourself. Have a look in your kitchen cupboard an tally of each kitchen item.

For example:

Tins of Beans III  
Bottle of milk II  
Packets of sweets IIII

Remember, if you reach five you cross it-

## Topic

### Monday-

Today we are going to be looking at rocks. If you can, go outside and find a variety of stones or rocks that you may have in your garden or that you could find on a walk. (If you can't, have a look for some images online). Can you sort them into different categories?

You could make a table with different heading, for example: smooth or rough and put the rock under those headings.

Or you could lay them out in a Carroll diagram. I have attached a template below.

### Added extras-

I couldn't find any stone age themed cosmic yoga, but I did find Harry Potter and the Philosophers Stone (the stone being our link to rocks)

Enjoy!
