

Phonics and Spellings

We are now going to recap all sounds that we have covered this year:

This week, we are going to be looking at sounds that are the same but spelt differently:

ow- blow, snow, crow

o-e- phone, clone, drone

Can you think of anymore words with these sounds in? Add them to your list of words.

Here is a useful website with lots of phonics games on.

<https://www.phonicsplay.co.uk/resources>

Your spellings will be on Seesaw as usual for you to practice daily.

Any completed work can be uploaded to your Seesaw account or to Purple mash 😊

Literacy

Monday-

You should now be familiar with the story of Stone Age Boy. Today, I would like you to 'box up' the story. We have done this in class before when we read Little Moon Dog.

I have attached a grid below. You need to retell the story briefly splitting it into five sections. Only fill in STONE AGE BOY section today. You can do your own table if you prefer.

Maths

Monday-

Carrying on from last weeks graph work, we are going to be making a line graph.

Today, I would like you record the temperature throughout the day every hour. You can make your own table, or you can use the table attached. We will use this information to make a line graph on Purple Mash tomorrow.

This week we will be doing a times table recap of 3, 4 and 6:

Today I would like you to focus on your 6 times tables.

Use Purple Mash 'table toons' to help you or click on the YouTube link.

<https://www.youtube.com/watch?v=iLln96C-BxY>

I have attached a sheet if you want to practice them.

Topic

Monday-

We are going to be looking at layers of the earth. Watch this video below.

<https://www.youtube.com/watch?v=WjXSCumeqxo>

You can either, complete the worksheet that I have attached below, or you can have a go at making your own layers of the earth. I have attached some ideas for you to see how you could do this.

Added extras-

Here is one last cosmic yoga session.

<https://www.youtube.com/watch?v=11V1T4IVP+Y>

I know lots of you already do this but here is the link to Joe Wicks' workouts which he does Monday, Wednesday and Friday.

Layers of the Earth

Color, label and describe each layer below.

Crust: _____

Mantle: _____

Core: _____

IDEAS...

You could make a cake using three different colours to represent the layers.

You could fill a cup with three ingredients with different textures to represent each layer.

You could also use play doh or some building blocks to show different layers.
