

Phonics and Spellings

We are now going to recap all sounds that we have covered this year:

er- a better letter

ir- twirl and whirl

ure- nurse with a purse

Make a list of words that are spelt with the above sounds.

Have a go at playing some interactive phonic games on this website:

<https://www.phonicsbloom.com/uk/game/alien-escape?phase=3>

Your spellings will be on Seesaw as usual for you to practice daily.

Any completed work can be uploaded to your Seesaw account or to Purple mash 😊

Literacy

Monday-

This morning, when I arrived at school, I found a tiny dragon. I don't know where he came from or what I am supposed to do with him....

There was a letter next to the dragon. I have copied it and attached it so you can read it too. I have also attached a picture of him.

Can you write a letter back to Gwyrdd? I think he would really like it :)

Maths

Monday-

Last week, Mr Huyton set you some work all about converting fractions to decimals. Have a look at the worksheet attached. I would like you to order the fractions and decimals on the number line. If you can, add some further fraction and decimals to the line. If you are going to do this, you may prefer to draw your own number line and make it longer to fit others in!

Added extra

I have attached a sheet that you might like to try You choose a number and follow the instructions on the leaves. You could start with a small number to see how you get on and then challenge yourself with some larger numbers :)

Topic

Monday-

There are lots of castles in Wales. I am sure that you will have visited some, especially ones which are more local to us such as Chirk, Conway and Powys Castle.

Below, I have written a list of castles. You need to find out where each castle is and locate it on the map of Wales. You can illustrate the castle (but make it small) and colour it too.

Added extra

Join in with Joe Wicks workout...

WEDNESDAY'S WORK!!!

I AM SETTING AN EXPERIEMENT ON WEDNESDAY...PLEASE HAVE A LOOK IF YOU HAVE THE FOLLOWING INGREDIENTS:

Vinegar
Washing up liquid
Baking soda
Food colouring
Plastic bottle
Card
Tape

If you haven't got any of these, don't worry, there will be an alterative.

Hello

My name is Gwyrdd the Dragon. Early this morning, I arrived here and I'm a little bit lost and scared. Everything is so big and I can't find anyone I know. Can you tell me where I am? Is there anyone who can look after me? I would love to make some friends and maybe learn some new things whilst I'm here. Do you think I will be able to? I will also need to get back home, so any suggestions on how I could do that would be really good.

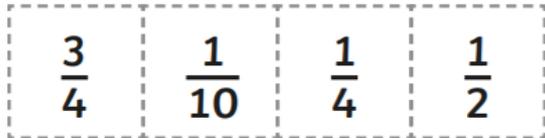

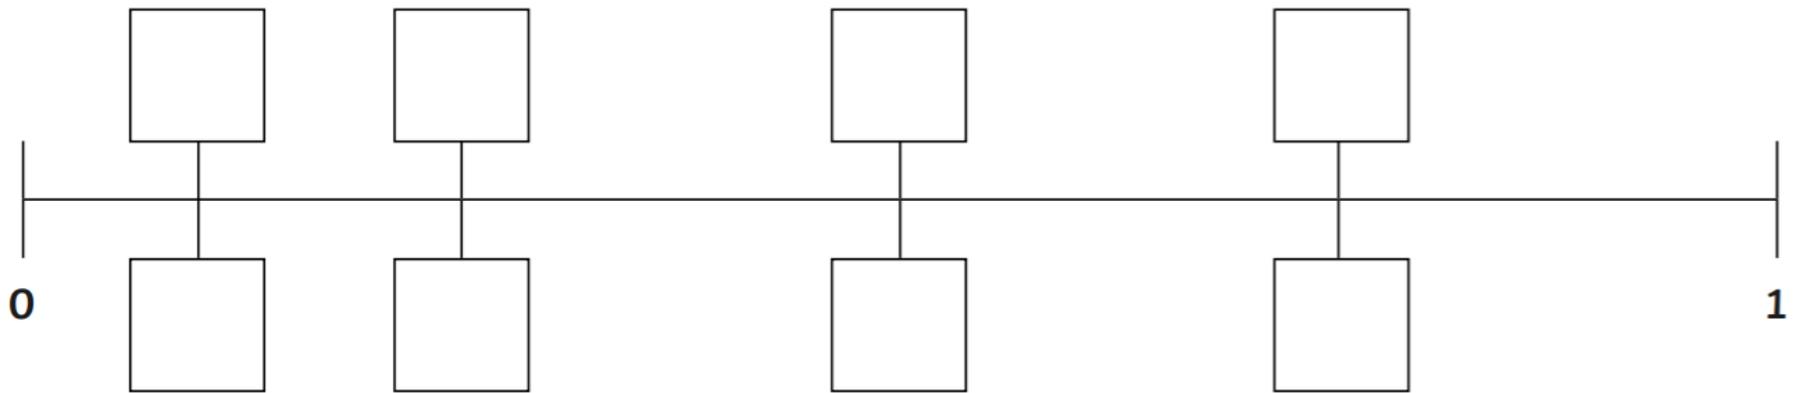

Please write back,
Gwyrdd

P.S

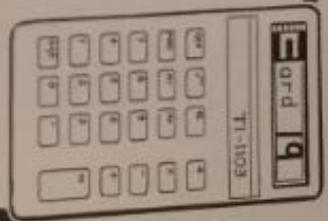

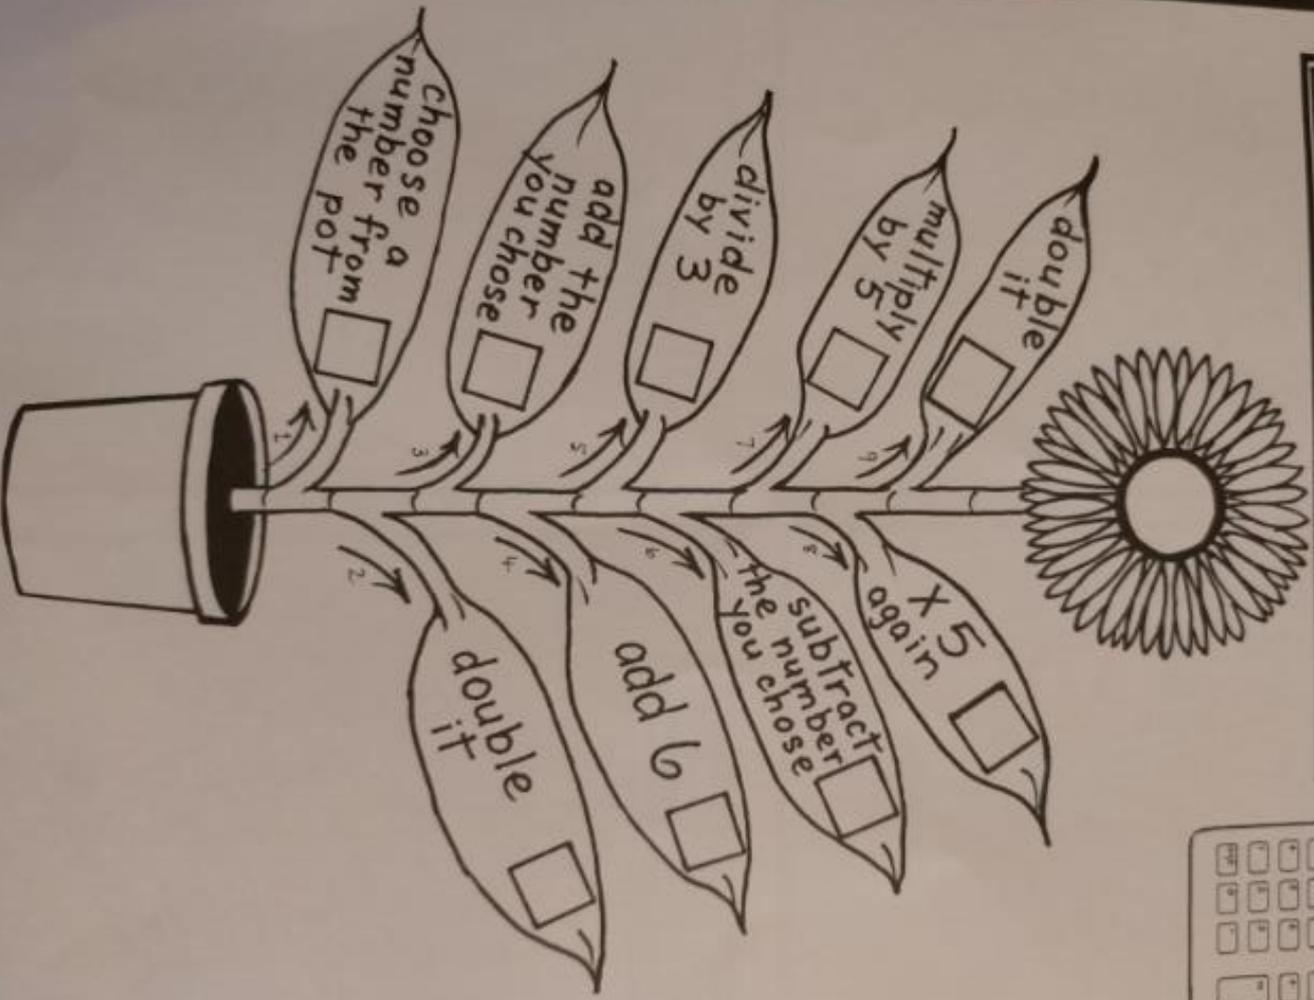

Sorry about the burned edges around the paper....
I accidentally sneezed and some flames came out!

Cut out the fraction number cards and stick them in the correct places on the number line.
Write the equivalent decimal numbers in the correct boxes on the number line.
Can you add any other fractions or decimal numbers to your number line?

Choose a number and follow the instructions. Write the answer in the flower. Now try another number.

Locate these castles on the map below, label them and illustrate.

- Conway Castle
- Cardiff Castle
- Powys Castle
- Chirk Castle
- Caernarfon Castle
- Harlech Castle
