We learned about 2D and 3D shapes.

We played a whispering game to see if we could pass on a message clearly.

We continued learning about light and dark. We experimented with paints to create a variety of light and dark shades.

We made 3D shapes with paper.

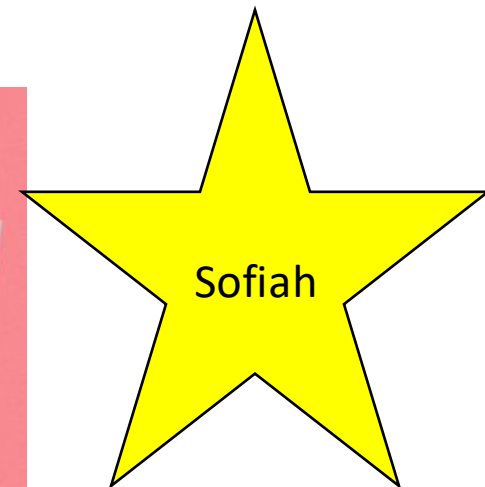

We learned about the stain glass windows in our school and how they have been here for many years. We made our own and watched the light shine through them.

All parents are invited to the Eyton Extras AGM on Tuesday 5th December at 4.30pm, please come and join us so that we can discuss the future of the club.

We need to elect a new trustee from one of our parents to be able to continue to run so it is vital that we get support from parents who need the club to run.

Here is the agenda:

Agenda:

1. Confirm the trustees.
2. Banking and Finances: verbal report from the treasurer.
