

Dear Parents

Welcome back to a new academic year. We hope you have had a lovely summer holiday.

Over the summer break we have been lucky to have a lot of internal works completed. Our school has been decorated and lovely resources have been purchased for our children to enjoy.

We have made a couple of changes to the way we organise some things. Dosbarth Wren (the new year 3-6 class), now has a "VIP" classroom to support independent learning and pupils have enjoyed the different activities Mr Pugh has been planning for them. The afternoon sessions are very much about active learning. For this reason, the children will not have an official afternoon break, they may have a brief time outside as needed and are always free to have a drink and toilet break. So far, we have found this to be more settling for the children. Dosbarth Wren will continue to enjoy PE/ Outdoor learning all Friday afternoon.

Dosbarth Jac y Do has had a complete revamp of their outside classroom, and are really enjoying learning through play outside.

Our forest school has had a good tidy and new equipment has been purchased for the children to experience.

We have also introduced school values and whole school expectations. These have been shared with the children and they are amazing ambassadors showing these values within the school day.

Please keep an eye on our website and Seesaw for updates. We look forward to you having a look around the school in the next couple of weeks, the date will be shared on the calendar.

My thanks go to all the staff for working very hard during the holidays to ensure the environment is lovely in time for the children returning.

Finally, the children have settled back to school brilliantly, we are very proud of them all.

Many thanks

N Booth
